HOW MUCH IT COSTS

Vin de Garage guarantees 1 liter of finished wine for every liter of juice.

The **basic service charge is \$2.00 per liter (\$40.00 per 20 liters) including tax**, and there are no taxes on the juices. There is however an extra charge for sparkling wines, oak aging and extended storage.

Customers may pick up their wine in bulk or use our facilities for bottling at no extra charge.

While you may bring your own bottles, these are available to buy at the store. We encourage our customers to re-use their bottles.

We also offer a wide variety of personalized labels with which you can proudly serve your wines to your friends and family.

The basic wine-making services provided by **Vin de Garage** include fermentation, racking, fining and stabilization, filtration and bulk storage up to 90 days after the order has been placed.

Basic Service allows you to use the bottling and corking machines at no extra cost. You may also clean and sterilize your bottles in our automatic bottle washer.

A **100% money back guarantee for one full year (restrictions apply)**, is also included when the wine is **bottled in our premises**.
